Dayana, our action is subject to a Consent Decree, and it is before Judge Amy Berman Jackson in the DC District Court. I just forwarded you another e-mail with her minute order that we must file another status report by June 30, 2020.

If you need additional information for the Action Information Sheet, we previously filed a status report with the Court on April 29, 2020, where we said that we continue to expect to "take final action on the BART requirements in the first half of 2020, a period that will end by June 30, 2020. EPA will inform the Court when the final rule has been signed. If it appears that EPA will not sign the rule by the end of June 2020, EPA will file by June 30, 2020, a status report explaining the need for additional time and providing a new estimate of the time needed for completion." So that's why Judge Berman Jackson ordered us file another status report by June 30, 2020.

Hi Josh,

Do you know when the next status report is due to the court on the Texas RH BART litigation? I am putting together an Action Information sheet to go in the concurrence package and wanted to include this information there.

Thanks,

Dayana Medina
